Deco Style

Today we're heading out into **nature**. And every other day too! Because **muted tones** and delicate **plant motifs** create a relaxed atmosphere in the home and are happy to bloom by our side from morning to night.

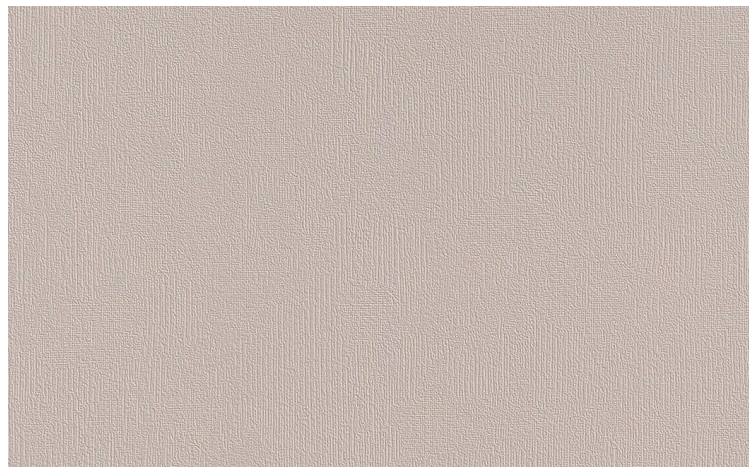

The **Deco Style** collection shows that nature has a modern, chic side. Of course, designs with stylish grasses and large leaf arrangements are a must. Artistically interpreted and clearly designed, they give walls a **stylish look**.

Anyone who favours the popular **Scandi style** and **country house chic** will love the great design and combination options.

Deco Style also features geometric patterns. The retro shapes bring an even rhythm to the wall and help to create a feel-good home. The perfect match: the plain wallpapers of the collection, whose natural character is emphasised by the coarse **linen texture**. The colours remain beautifully muted. So we can welcome warm nude tones as well as enjoying taupe, khaki, sand and various shades of powder - in all our favourite places within the home.
